	AND METHOD OF REGULATING OPENING)	
	AND CLOSING OF INLET AND OUTLET OF)	
	THE POLYMERASE CHAIN REACTION)	
	DEVICE)	

INTERVIEW SUMMARY AND RESPONSE

Dear Sir:

This is a response to the Office Action mailed July 18, 2011. The Applicants respectfully request a withdrawal of the rejection and an allowance of the claims based upon the amendment and the following response.

The Applicants would also like to thank the Examiner for the interview granted on August 31, 2011. During this interview, the Examiner noted that the claims could be allowed over the cited references if the claim were restructured as a kit-claim and the kit-claim could be defined over the prior art. The Applicants have now restructured Claim 1 as a kit-claim and have detailed why the claim is allowable over the art of record.

Amendments to the Claims are reflected in the listing of claims which begins on page 2 of this paper; and

Remarks begin on page 6 of this paper.
